You never truly realize how great the need is until you volunteer. It warms my heart to see people and communities come together to make someone's life a little better.

I enjoy meeting & getting to know others. I am very lucky to have this organization near me. In the summer, I hand out summer lunches at the Biwabik (Meet Up and Chow Down) site. I am now getting to help out with Buddy Backpacks. It is rewarding knowing I am helping others.
